International Programme on Development of Education Policy for Educational Administrators from Cambodia

9-13 August 2021

The Institute

The National Institute of Educational Planning and Administration (NIEPA) is a premier organization engaged with capacity building and research in policy making, planning and administration of education. The Institute was established by the Ministry of Human Resource Development, Government of India. The Institute is an apex national institution of educational planning and administration and is actively engaged in educational research, training and consultancy.

The Programme

At the request of the Government of Cambodia an on-line programme has been designed for e-ITEC keeping in view the role of the education officers serving in the Ministry of Education of Cambodia. The programme delves into the development of a public educational policy framework which is a very challenging task. In this context this programme will enable the participating officers to understand the nuances of laying the basic foundations and agenda for the development of a public policy which in turn will enable them to implement the policy successfully in order to attain the educational goals of the country. In this regard the participating officers will be introspecting the existing policy of the country and understand the evidences gained from the researches and educational and economic data available as well as the socio-economic and cultural factors which reflect the needs of the citizens of the country. The participating officers will share their experiences of the current policy of the country and articulating the advantages gained out of it and what more can be achieved etc.

Objectives of the Programme

- The participating education officers will be acquainted to the concept of developing agenda for policy formulation and its importance;
- They will also be provided with the inputs on the ways and means by which they can develop and implement the public educational policy; and
- The participating officers will be provided an opportunity to construct the agenda for developing a model policy and its implementation as well as the importance of developing a continuous method of monitoring and evaluation of policy.
