

About the Programme:

NCGG is organizing the Training Programme on Public Policy and Governance for Civil Servants of Cambodia at NCGG Mussoorie, Uttarakhand (India) with the following objectives:

Programme Objectives:

The Programme aims at enabling its participants to gain the requisite knowledge and skills for designing and implementing effective public policy to achieve good governance and also successfully discharging their administrative duties.

To create value for each participant, the programme will:

- a) Provide a platform for policy dialogue and knowledge sharing. Thereby highlighting the role of good governance and public policy for sustainable development.
- b) Facilitating sharing of lessons, Cross-country experiences and best practices on flagship good governance schemes, field administration and public policy in the region.
- c) Detailed insights into inter-disciplinary fields of public policy in the areas of public policy and governance, sustainable development goals, Skills India: policy and practice, tourism, new education policy, digital health care system, skill development, fintech and inclusion among others.
- d) To develop an understanding about frameworks adopted by the Government of India in implementing projects, including IT applications and e-government for attaining Sustainable Development Goals. Also, India's experience in enhancing transparency in all areas of governance through innovative digital solutions.
- e) Field Exposure to good projects in various areas such as: district administration, infrastructure development, smart city, good projects, transport and showcasing India's rich cultural heritage among others.

Tentative themes to be covered in the training programme are given below, which may be tweaked after mutual discussion.
